Hazem Radhouani | Architect

Architect with project work in Tunisia, France and Morocco, and research experience in Japan. radhouani.hazem@enau.ucar.tn | linkedin.com/in/hazem-radhouani-b36616319/ | hazemradhouani.github.io/

Architect graduated with Highest Honours (ENAU, 2026), drawn to the architecture of the existing: the inhabited, the deteriorated, the overlooked. My project work spans Tunisia, France and Morocco, from regional rail infrastructure to residential rehabilitation and academic design work. In 2025, research experience in Japan extended a comparative study of historic-district rehabilitation and adaptive reuse.

Education

National Architecture Diploma (DNA)
Master's equivalent
Feb. 2026

ENAU, Université de Carthage, Tunis · 11 February 2026
Highest Honours

Final Year Architectural Thesis
June 2024
